- Good communication, teamwork, learning attitude and problem-solving approach

PROFILE

I am an M.Sc. Computer Science student with a keen interest in web development and AI. I enjoy learning by creating simple projects and exploring new technologies. I have a basic understanding of programming and web tools and always try to improve through practice and feedback. I'm looking for an opportunity where I can learn from experienced professionals, contribute with sincerity, and grow step by step in the IT field.

PROJECTS

- **Blog-Based Affiliate Website (Jul 2023 - Oct 2023)**
 - Created a simple blog website using Blogger to learn posting and layout.
- **Yoga Fitness Club Website (Nov 2023 - Feb 2024)**
 - Designed a basic site using HTML, CSS & JavaScript for class schedules.
- **JobHunt Website (Jul 2024 - Jan 2025)**
 - Built a simple job search site and deployed using Tomcat 10 on Ubuntu.
- **Moodify - Emotion-Based Music Player Web App (May 2025 - Jun 2025)**
 - Fun project that plays songs based on mood using JavaScript.

CERTIFICATIONS

- Cybersecurity Analyst Virtual Experience - Forage
- GenAI Virtual Experience - Forage
- Google Play Store Listing Certificate
- Google Digital Marketing Certificate
- MSCIT (Maharashtra State Certificate in Information Technology)
- Programming in C, Java, and Python
- Basics of App Development

ADDITIONAL INFORMATION

I enjoy solving problems with a logical and practical approach. I am always open to learning new skills and keeping myself updated with current technologies. I like improving step by step through practice and real-world experience.
